EBANKOME GROUP

The business model of eBankome is a completely exclusive idea and does not follow any other business model. eBankome's field of activity is related to housing.

Since the place of residence plays a very important role in human life, it is aimed at one of the most important human needs, and in this direction, it strives to provide services in the international arena that cover this human need. In this regard, it was important to solve one of the main concerns of people in the easiest possible way despite the experiences. We intend to establish offices in several countries.

eBankome is not just a real estate agency, but provides all kinds of services related to housing at the global level. This company acts as a mediator between housing agents and applicants.

Through an international platform, this company intelligently identifies the needs of customers in the field of housing and provides solutions to solve their problems. One of the most basic services of this free platform, which can be used by any nationality, is buying and selling property, providing building materials, investing for people who are applying for investment in the housing market, etc. This company has also taken many measures in the direction of entrepreneurship and job creation, and this will cause economic growth for the housing market.

In this way, people can register in the eBankome system through this free platform and the necessary training without having any capital to start their own business through the website, wherever they are in the world, and start their work with good income.
